Aircraft Parking

Mr. Marcelo Morelli
JFK Airport Operations

Good afternoon,

The Port Authority looks forward to working with you to ensure the most successful visit of your dignitary.

This year has brought changes that will affect operations at John F. Kennedy International Airport (JFK), such as: ongoing construction; a drastic reduction in the number of aircraft parking locations for special/private flights; and the anticipated arrival of an unprecedented number of heads of state, heads of government, and foreign ministers.

We expect many dignitaries to arrive and depart via JFK at the same time of day. With the drastic reduction of aircraft parking locations, **the adherence to time schedules and policies will be essential. This is to ensure that your dignitary and accompanying party will not be delayed upon arrival and departure.**

PRIVATE AIRCRAFT

This information is for arrivals and departures and applies to private aircraft both foreign and domestic.

- DCAS applications will be reviewed to ensure aircraft have an available parking location
- If aircraft parking is not available based on original DCAS submittal, JFK Operations will advise and ask to consider a change to the time and/or date of the aircraft arrival and/or departure
- JFK Operations will have a seventy-two (72) hour prior permission request (PPR) to confirm aircraft parking

PRIVATE AIRCRAFT

This information is for arrivals and departures and applies to private aircraft both foreign and domestic.

- Please consider arriving and departing outside the hours of 7 a.m. to 10 a.m. and 3 p.m. to 10 p.m.
- Arriving and departing during these “peak” hours of the day may result in your aircraft being delayed to its assigned parking location

PRIVATE AIRCRAFT

This information is for arrivals and departures and applies to private aircraft both foreign and domestic.

- Overnight parking of foreign military or state aircraft at JFK, EWR, and LGA is strictly prohibited; however, overnight and extended parking will be permitted at Teterboro airport (TEB). Only aircraft with a MGTW of less than 100,000 lbs. are permitted at TEB.
- Port Authority Operations will provide a “follow me” vehicle to escort the aircraft to and from the parking site.
- Port Authority Operations will determine all Private aircraft parking locations – contact information is located at the end of the Port Authority of NY/NJ section in the USUN online briefing booklet.

PRIVATE AIRCRAFT

This information is for arrivals and departures and applies to private aircraft both foreign and domestic.

- Because many private flights are expected to be on the ground at the same time, a parking spot may not be confirmed until a short time before arrival of the aircraft. Aircraft may be required to be towed into/out of the arrival/departure site.
- Please contact the appropriate Fixed Base Operator (FBO) for the intended airport of arrival/departure to coordinate all ground handling services and airport fees (landing and parking). FBOs are identified in the USUN online briefing booklet.
- Aircraft are required to unload the dignitary/delegation and reposition the aircraft to another airport for parking with this two (2) hour window. Alternate parking locations are identified in the USUN online briefing booklet.

PRIVATE AIRCRAFT

This information is for arrivals and departures and applies to private aircraft both foreign and domestic.

- Due to heightened security measures at JFK Airport, arrangements for greeting will be made in accordance with federal and airport requirements.
- For all flights there is a strict limit of two (2) greeters.

SPECIAL AIRCRAFT

Same as private aircraft with the following additional notes.

- For the use of an Airbus 380 or Boeing 747-8, prior permission is required at least 72 hours in advance from Port Authority Airport Operations.
- Certain types of aircraft are prohibited from landing due to size and noise control regulations.
- Make sure to file flight plans for all departures by contacting 1-800-WXBRIEF (1-800-992-7433)

JFK REDEVELOPMENT PROGRAM

<https://www.anewjfk.com/>

- JFK has begun its transformation as part of a redevelopment effort.
- JFK has drastically reduced parking locations for private aircraft.
- Please consider alternative airports.
